BEST FOR THE HURRIED MAN.

He hurried when he ate his meals.
He hurried when he combed his hair.
He hurried when the days were dark.
And also when the days were fair.
He hurried on his way to work.
He hurried even when he played.
But, going with his wife to Church,
His progress was but slowly made.

IN Chicago Judge LANDIS of the United States District Court gave his decision in the controversy between the adherents of JOHN ALEXANDER DOWIE and WILBUR VOLIVA over the property at Zion City.

The Court holds that Zion City and its industries do not belong to DOWIE; that, while the contributors of the funds did not express a formal declaration of trust, a trust was created, and DOWIE had no right to treat the property as his own.

The Court refused to appoint ALEXANDER GRANGER Receiver and orders an election.

Discussing the claim of VOLIVA that GRANGER be continued in charge, the Court says:

"Some time ago GRANGER took a vow, from which I quote the following: 'I vow in the name of God my Father, and of JESUS CHRIST, his son and my Savior, and the Holy Ghost, that I recognize JOHN ALEXANDER DOWIE, general overseer in his three-fold prophetic office as a messenger of the Covenant, the prophet foretold by MOSES and ELIJAH the restorer; and I promise to obey all rightful orders issued by him, and that all family ties and obligations and all relations to all human Governments shall be held subordinate to this vow. This I make in the presence of God.'"

"It is not my duty to express my contempt for the man that could exact or take this oath. But I am not obliged to repose my confidence in a man so constituted that, living in this Republic, he would serenely vow his readiness at all times to abandon his family and betray his country. I will not appoint ALEXANDER GRANGER. And in this connection, while I make no pretense to technical learning in respect to what is good policy for this Church organization, I suggest that whoever ultimately prevails in the ecclesiastical controversy give prompt and serious consideration to the question, whether or not such an oath tends to give respectability to the Church, and whether the Church may justly expect a Court of the United States to long continue to foster a trust estate for the use of a religious organization whose conscience and intelligence does not cause an unconditional disavowal and abandonment of the obligation of this loyalty."

At Chattanooga, ten thousand crates of peaches were dumped into the Tennessee river by shippers, who were unable to obtain cars to move the fruit North, and could not dispose of it in the local market. The failure of the railroads to provide cars for the shipment of the fruit has practically bankrupted many growers. The roads are doing the best they can, but never before were they so heavily taxed. In several Georgia towns the people have met in Churches and sent up prayers for cars, but the more practical fruit-growers are cursing the railway managers by wire and mail; and one method seems to have been about as effective as the other.

THE last Kentucky Legislature—which was not remarkable for the good things that it did—is to be credited with at least one commendable act. That is an added provision to the law relating to the payment of taxes. Here it is—

"Section 4. Persons who have not, at least 60 days before the election at which they offer to vote, paid in full all state, county, municipal, district and school taxes due by them for the year previous to the one in which they offer to vote!"

are not hereafter to be allowed to vote. This is a good law, and it will have a tendency to make many people "honest" who have heretofore been in the habit of letting other people bear the public burden.

A REMEDY WORTH TRYING.

Robert Clark, the artist, tells this story: One day, while out walking with a friend of his, this friend complained of a toothache, and asked Mr. Clark what he could advise him to buy, as they were in front of a drugstore. "Why," said Mr. Clark, "the last time I had a toothache I went home and my wife kissed it away for me." After a moment's pause, his friend said, "Is your wife home now?"

Beautiful Beechwood.

There is no summer park in this section where such good vaudeville programs are given for so little money as at our own "Beautiful Beechwood." Each week the shows grow better. For this week, the famous necromancer, "Christopher," will be seen in "Modern Magical Wonders." Daly and O'Brien, that odd pair, have a comedy singing and dancing act that is first class; new illustrated songs. The new Kinodrome pictures will be, "Please Help the Blind," "History of a Pair of Trousers" and "Behind the Stage." Go out tonight and you will have an enjoyable evening. It is always cool at Beechwood.

Ruggles Campmeeting

Correspondence Public Ledger. RUGGLES CAMPGROUNDS, July 27th, 1906.

The second day of Campmeeting is now over and a very good one it has been. The weather is simply delightful, and this good fresh mountain air is being enjoyed by all and is proving very beneficial to some of the city folks' appetites from the way they are making provisions disappear.

The meetings have been good in attendance and interest as well. Mr. I. M. Lane led the early morning prayer service, the attendance of which doubled itself compared with the first morning.

At 10 o'clock Dr. Boring delivered one of the best sermons we have ever heard him preach. We have learned to look forward to Dr. Boring's sermons as one of the feasts of the campmeetings, and he never disappoints us.

At 1:30 o'clock the Children's Service took place, and at 2 o'clock the Mother's Meeting, which is considered one of the very best services that we have.

Dr. Baker, in charge of the Young People's Service at 3 o'clock, is making them go with a vim that is agreeably surprising to us. These services are taken up a great deal with song, and the way the folks are singing under Dr. Baker's leadership is truly inspiring. He makes the people sing in spite of the proverbial frog that most people think they have in their throat when asked to sing.

Rev. William Jones preached tonight from the first Psalm and the sermon was a fitting close for the day's work. A large crowd attended and quite an interest was manifested in the service.

Dr. S. O. Royal of Cincinnati will arrive tomorrow and will be the Sunday preacher. Everything points to a big day.

Still the people come. The grounds are pretty well peopled now, and if they continue to come this will be a banner year in attendance and there is no reason why it should not be, for there is no place where the natural and spiritual conditions are more conducive to enjoyment than at Old Ruggles. J. H. R.

RUGGLES CAMPGROUNDS, July 29th.

Campmeeting is getting down to business. All the services are being well attended and the interest is good. We are having the best and most enthusiastic singing that we have ever had. Led on under the inspiring leadership of Dr. Baker the large chorus is making "His praise glorious" indeed. He is getting about everyone to sing, or to look as if they would like to sing anyway, as he tells them to.

The feature of Saturday's meetings was the night service, when our own Preacher, Rev. G. W. Bunton, preached. The largest crowd thus far was out to hear him. He preached on the subject, "The Power of Hope." He handled his subject in a masterly way, and many were the expressions of appreciation made at the close of the service.

We were awakened this Sunday morning by the patter of rain on the roof. The rain kept

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Mr. and Mrs. Herbert Frankenburg of Charleston, W. Va., after a sojourn at St. Louis, Mich., are guests of Mr. and Mrs. M. Davis of Market street.

Mr. Millard Merz and family will not leave for Atlantic City until August 9th.

The residence burned at Springdale belonged to and was occupied by Mr. Harry Borer, a section-hand on the C. and O., instead of J. H. Soister as the papers had it. Mr. Borer's wife was sick at the time, and it was with difficulty that she and the children were gotten out. The loss was total, including the little savings in cash that were in the house.

LEDGER PRINTERY
MAYSVILLE, KY.

The demand for wire products is the greatest in the history of the steel trade.

Lee S. Johnston, the oldest printer in Kentucky, died Friday last, at Louisville, aged 76.

William Jennings Bryan has accepted the invitation of Kentucky Democrats to be guest of honor at a Southern States' reception to be held at Louisville when he returns to the United States.

RUSSELL SAGE'S COFFIN

A Tough Proposition For the Grave Robber to Tackle

Encased in a hermetically sealed copper envelope placed within a solid mahogany coffin the body of Russell Sage was placed in a chilled steel case, four inches thick, riveted with steel bolts, locked with a lock which can only be opened from the inside, the case weighing three tons.

Immediately after the steel box and the contents were lowered into the grave, electrical connections were made and wires were strung so that an immediate alarm will be given if any attempt is made to tamper with the remains.

The expenditure for this protection and for the coffin and accessories were greater, so far as known, than any sum expended in the burial of any private citizen in the United States, and is in striking contrast with the rigid economies practiced during the long lifetime of Mr. Sage.

The coffin alone cost approximately \$1,000, and the steel case and its patent unpickable lock cost \$22,000. It is called the burglar-proof coffin, and it is asserted that even without the added precaution of electrical protection or guards, it will be impossible for the most expert grave robber to get at the body.

Mrs. Sage, it is said, has had a dread of a violation of sepulture ever since the stealing of the body of A. T. Stewart, and she readily consented to the proposal for safeguarding the grave of her husband.

The steel case is of such hardness that it would take two expert safe-openers a day to break the outer shell, and then only by the employment of specially constructed tools. There is no visible lock to be attacked.

Once the lid is closed down a self-locking mechanism clamps it at twenty points, and not the slightest opening is left for the inserting of a wedge. The corners are all rounded.

Following a brief committal service at the grave the lid of the steel case was finally closed. The epitaph to be engraved upon the Sage monument is:

"I have done the best that I could by the light of the day."

Complexion treatments are a necessary part of the grooming of a well preserved woman. It is not so much a matter of how you look today, as how you will look tomorrow. Hollister's Rocky Mountain Tea does the business. Tea or Tablets, 35 cents. J. J. Wood & Son.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tun-nelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

There are many causes of nervousness, but poor blood heads the list. The doctors call it anemia. The blood lacks red corpuscles. The Bureau of Statistics, Washington, D. C., asks a long list of questions concerning the conditions, etc., of crops, fruits, etc., for July. The normal condition of the most of them were reported as above the average compared with same time last year.

Harry Boner, living some four hundred yards West of Main street, has the sympathy of this entire community. About 11 p. m. of July 26th his house with the entire contents was consumed by fire. Sparks from a passing locomotive is supposed to be the cause. Mr. Boner was "night walker" that night and was at the time of the fire some three miles East of his home, saw the fire but thought it farther West and knew no better until he came in for breakfast. The family barely escaped with their lives. No insurance.

A MEASURE OF MERIT

Maysville Citizens Should Weigh Well This Evidence.

Proof of merit lies in the evidence. Convincing evidence in Maysville, is not the testimony of strangers, But the indorsement of Maysville people. That's the kind of proof given here—The statement of a Maysville citizen. Mrs. Lizzie Burns, living on the Blue Run Turnpike, West End, Maysville, Ky., says: "My opinion of Doan's Kidney Pills which I expressed through our newspapers in the spring of 1900 has not altered. I value this preparation more highly today than I did when I gave my first testimonial. Before I got Doan's Kidney Pills at J. James Wood & Son's Drugstore I was troubled with severe spells of backache and kidney complaint, which came on every three or six months, and there were times when I was confined to my bed and rendered almost helpless. The quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have noticed slight returns of backache since, but an appeal to Doan's Kidney Pills has never failed to quickly and positively check the trouble. In every case I know among my friends when Doan's Kidney Pills have been used the results have always been satisfactory."
